## Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

### Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))..... \$665.00  
By other than a small entity..... \$1,330.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))..... \$240.00  
By other than a small entity..... \$480.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))..... \$320.00  
By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## DETAILED ACTION

1. The Amendment A filed on 08/20/2003 has been entered. Claims 1-22 are pending in this Office action.

### ***Response to Arguments***

2. Applicant's arguments after claims being amended, see page 12, filed on 08/20/2003, with respect to claims 1 and 12 under 35 U.S.C 102(e) have been fully considered and are persuasive. The rejection of claims 1 and 12 has been withdrawn.

3. The amended abstract has been approved.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

4. Regarding claims 1 and 12, said claims are directed to a method/a decoder for maximum a posteriori (MAP) decoding of an input information sequence through a channel. The claims have been amended to include uniquely distinct features "ceasing said step of iteratively generating, and outputting last-generated decode results when difference between said last-generated decode results and next-to-last-generated decode results is within a compare threshold". The closest prior art, Haller et al. (US 6,182,261 B1) disclosing a similar iterative decoder, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

5. Regarding claims 2 and 13, said claims are directed to a method/a decoder for maximum a posteriori (MAP) decoding of an input information sequence through a channel. The claims have been amended to independent form, claims comprising uniquely distinct step "a) generating the initial decode result as a first decode result" and "b) generating a second decode result based on the first decode result and a model of the channel" and "c) comparing the first and second decode result" and "e) repeating b-d if the first and second decode results are not within the compare threshold". The closest prior art, Haller et al. (US 6,182,261 B1) disclosing a similar iterative decoder, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
